

Weekly Newsletter

The children in Otter Class have had a lovely week for Recycling Week, learning all about the items we are able to recycle. Our focus text was "The Messy Magpie" – where Morris the crow learns all about how to recycle and keep our environment clean.

We have done lots of exciting activities such as junk modelling, role playing as waste collectors at a recycling centre and making patterns with recycled materials! We have discussed the importance of keeping our environment clean, protecting animals' homes & how old "rubbish" can turn into something new when we recycle.

Next week, we shall return to our topic, "To The Rescue", for which we are sending home a word aware list for you to share with your children. We will be beginning our next focus text which I'm sure the children will share with you throughout the week! For each topic throughout the year, elements of our focus texts are woven throughout the curriculum subjects.

We are so proud of all the children for their hard work this week – well done all of you & we hope you have a lovely weekend 😊
