

# Owl's

09.10.26

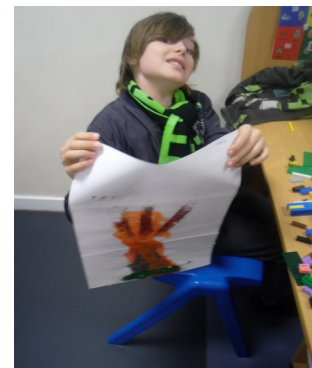

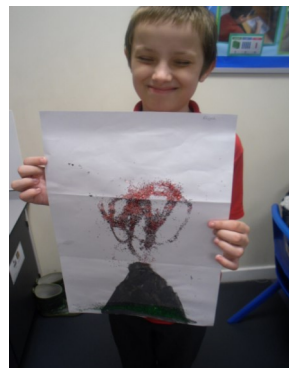

The children in Owl's class have had a fantastic week.

In numeracy, the children have continued on their topic based on place value. The class have been working on a range of activities and the children have a good grasp of number bonds up to twenty, fifty, one hundred and thousands.

In literacy, the children have continued to read their text, 'The Street Beneath My Feet' by Charlotte Guillian and Yuval Zommer. This week, the children have been finding facts about coal and where it comes from. The class have completed a timeline of mining.

In topic, the children have finished their layer volcano pictures. The class enjoyed using a range of paints. The children added glitter to their pictures to bring them to life.

The children really enjoyed their swimming lesson. All of Owl's class are now accessing the pool and they are having lots of fun.

Have a great weekend!
